Thank you for requesting information about the CC/LDI integrated pharmacy services prescription Discount Card Program.

Enclosed is a packet of information about the program including an application for enrollment. When you decide to enroll, please fill out the Enrollment Application and your annual enrollment fee of \$15.00 (per person). Please make check or money order payable to LDI integrated pharmacy services and mail along with the enrollment form to:

Upon receipt of your enrollment form and fee, you will receive a prescription identification card from LDI integrated pharmacy services. Present this card to your pharmacist to receive discounts on your prescriptions. Those prescriptions classified as acute/emergency and maintenance can be filled at most retail pharmacies such as Walgreen's, Wal-Mart, Schnucks, and other participating retail pharmacies.

Acute/emergency medications are those prescribed for a short period of time such as antibiotics, seasonal allergies, etc. **Maintenance medications** are those taken on a regular basis for chronic conditions such as heart, high blood pressure, diabetes, etc.

Should you decide to use the LDI mail order pharmacy service, we will mail your prescriptions directly to your home. There is a delivery service charge.

All medications are mailed in plain unmarked packages for precaution and safety.

If you prefer, you can also bring your prescriptions into LDI's pharmacy and have your prescriptions filled while you wait. Either way, you will receive the same discount and service as you do with the mail order service.

If you are undecided about using the LDI mail order program, please use the attached CC/LDI Prescription Price Form and tell us the name, strength, quantity and days supply of the medications you are currently taking. LDI's pharmacy will fill in LDI's price and return to you for you to compare. This will assist you in deciding whether to take advantage of LDI's mail-order program or to stay with your current pharmacy.

If your doctor prescribes a maintenance medication for a chronic condition and you wish to have it filled immediately, you can take the prescription(s) directly to any participating retail pharmacy for filling. When you are ready to **refill** the prescription, simply call LDI's pharmacy, give them the information on the prescription label, and they will take care of having the prescription transferred to LDI's pharmacy and sent out by mail directly to you.

Thank you for your interest in CC/LDI Pharmacy Benefit Discount Card Program. If you have any questions, please call LDI integrated pharmacy services at (314) 652-3121 or toll-free from outside the 314 area code at (800) 652-9550.
